Editors Notes

Hi car nuts.

It may be the end of our season but the off season begins today. I hope to see those of you who remain at breakfast or at the McDonalds Cruise-ins. Before a “please hear my plea” rant for over the break newsletter material, let me share the good news for three Studebaker brothers and sisters who in the past were unable to live together. They now all have a common home together in Denny Lockmon’s new multi garage pad. A heartfelt congrats to Denny, who had been looking a long time for their new home. Oh boy , no more space to ask for submissions. If the newsletter fits, you must submit! See you in the fall!

Upcoming events

The Swallows have flown back to Capistrano, The folks who endure the summer here still have these 2 ongoing happenings until the Swallows return for October events:

Breakfast at Bobbie's - This is the ongoing breakfast get together that is scheduled for 8 am Thursdays but people start showing up around 7 - 7:30 am. Going by last summer's count, we usually get 10 - 25 people in the hot part of summer.

Bobbie's Café is located at 15472 North 99th Ave.

Cruise-in at McDonalds The other ongoing event this summer will go on every Wednesday at 5 pm until cars stop showing up because it is to darn hot! If you are showing your car or truck, show up early as good spots go fast. (4;30?) With the Swallows leaving daily this may become less of a problem.

McDonalds is located on the NW corner of 99th Ave and Bell

Please check the web page events entries for the most up to date and accurate information!

A few of my favorite things from the museum. I forgot the Corvette's story but it is well done. I also dream of Sun 740s. I absolutely love 48 and 49 Caddy fastbacks. No one doesn't like a Cord. And finally, she's real fine my ???.
